Product portfolio

Cables and accessories

- Installation cables and wires
- Power cables 1kV
- Control cables
- Rubber and silicone cables and wires
- overhead line cables
- solar cables
- Telecommunication cables
- Medium voltage cables
- High voltage cables and accessories

High and medium voltage equipment and components

- Compact transformer substations
- Transformers
- Switchgear
- Vacuum reclosers and load breaks
- Measure changers
- Medium voltage surge arresters
- Medium voltage disconnectors and fuse disconnectors
- High voltage equipment and accessories

Low-voltage automation and components

- Switchboards and components
- Individual switchboards
- Automation and control
- Truss bridges
- Guaranteed electricity supply
- Reactive powercompensation equipment
- Frequency converters
- Electric charging stations

Overhead line, underground cable accessories and metal components

- Overhead line components
- Finishes and accessories for underground cables
- Metal structures and products

Electrical installation materials and accessories

- Protective pipes
- Cable-bearing structures
- Assembly boxes and branch boxes
- Switches and sockets
- Floor installation systems

Main suppliers

Power Solution LTD

Power Solution LTD is a related company of Energokomplekss LTD, which manufactures electrical cabinets and compact transformer substations.

An individual approach to the development of customer required solutions is one of the benefits for purchasing products made by Power Solution LTD.

In cooperation with Power Solution LTD, we are able to ensure manufacturing of electrical cabinets and compact transformer substations in an optimal period at a competitive price.

Gripsteel LTD

Gripsteel LTD is a Norwegian-Latvian joint venture associated with Energokomplekss LTD, which manufactures metal constructions and products for the telecommunications market in Scandinavia. Production efficiency is ensured by automated manufacturing lines.

In cooperation with Gripsteel LTD we are able to provide production of any metal products.

Gripsteel
